## Reading a schedule

- Find the proper schedule for the day of week and direction of travel.
- Find the locations nearest your starting point and destination.
- Read down the columns to see times the buses serve those locations.
- Read across to the right to see when a bus trip will reach your destination. Each row across represents one bus trip.

All time points except for the last one indicate the earliest time the bus will depart. The last time point indicates the latest time the bus will arrive at that location.
