General Manager Thorne stated that Connect Transit staff has prepared an *Illinois Systems Grant Application* to construct a Downtown Bloomington Transportation Center. Connect is required to hold a Public Hearing to hear from any interested persons or agencies with respect to social, economic, and environmental aspects of the project. As a reminder to the Board and the public, this is a grant application and at this point we are requesting these grant funds through the application process. The Downtown Transportation Center is underway and will conclude in August or September.
